**Message from
Chancellor**

I personally, and on behalf of the Governing Body as well as the whole ADESH family extend you a very warm welcome to join Adesh University to structure your career. We have clearly laid down our vision, mission, and values and all efforts are being made to utilize the infrastructural facilities and intellectual capital to achieve these goals and values. It is our endeavor to encourage our students to participate and to involve in medical, technical, social, cultural and sports activities, just to enable them to stay abreast with global demand of being a complete human being.

When we started our first multi-specialty referral hospital in 1989, our mission was to provide quality healthcare of international standards in India. Our consistent commitment to maintain excellence has made us the largest healthcare provider in Punjab. Today, Adesh Group is a world in itself. We manage a network of specialty and super specialty hospitals and clinics and provide technical, medical and paramedical education. After thirty-one years of dedicated service, I feel, we still have a lot to achieve.

Today, we now have a string of medical, dental, pharmacy, physiotherapy and paramedical colleges. The Adesh Group has established various colleges of Engineering and Technology and Polytechnics in Punjab. Over the years it has been fostering the mission of promoting educational excellence in the field of science and technology and has now grown into a premier technical and engineering education provider in India. We offer Diploma, Graduate and Post Graduate programs in various areas of Medical Sciences, Engineering & Technology, Pharmaceutical Sciences, and Management.

I invite you to explore this unique field of study, which truly has an impact upon science, medicine, and society. Please get in touch with us for any assistance and more information.

Message from

Vice-Chancellor

Dear Students,

It gives me immense pleasure to extend a hearty welcome to all aspiring students for admission in this prestigious institution. Adesh University was set up with the aim of providing quality education in the southern part of Punjab. The University has come a long way with its beautiful campus having amazing facilities. It has its unique culture and traditions, with diverse students and most accomplished faculty, that binds the entire fraternity at the University together. The foundations of this institution have been raised on the vision to make it a world-class centre of excellence in higher education, be it in healthcare or other realms and also to provide a nidus for patient care comparable to the finest anywhere in the world. The focus, therefore, is on the students who have chosen Adesh University, to develop as wholesome professional globally competitive and locally responsive and for that, we have set lofty institutional objectives as you shall perceive once you enter the portals of this University.

We, at this institution, are committed to provide the best environment that addresses both the intelligence and character building aspects. This would entail updated curriculums according to the norms laid down by the concerned regulatory bodies and simultaneously matching the best at the global level. Besides the professional education, you would get ample opportunities to explore your full potential here by participating in the extracurricular and sports activities. This comprises the complete set of activities that would help you shape yourself into a complete person by the time you would leave the portals of this institution.

At this juncture, it is important that you become aware of our expectations of you as well. As much as you have a right to stay and enjoy the privileges on the campus, other fellow students who are here have this right as well. Hence, this institution cannot tolerate indiscipline in any form including any acts of teasing, ragging or harm to fellow students, physical or emotional.

For the students who find themselves perplexed by the academic course work, it is strongly recommended that you get in touch with your teachers for any query that you might have, as we at Adesh University believe in delivering unwearied support to our students. As per institutional policy, it is mandatory for every student to ensure 75% attendance in theory and 80% attendance in the non theoretical aspects of every subject besides meeting the required standards set up for the internal assessment examinations.

We want you to always remember that every member of the faculty, staff, and management measures our success by yours and that our doors will always remain open for you to extend any help that you would need any time in your life.

Wishing a fruitful stay while you are here with us and best of times ahead.

3. Masters of Public Health (MPH)

- (a) Adesh University provides a platform for educational and skill development to all sections of society to materialize their personal dreams and aspirations, in consonance with societal

need of trained, skilled and dedicated manpower for 'all inclusive' national development. The addition of MPH to other health-related programmes run by the university will further the mission of the University by fulfilling the gap in availability of entry and middle-level managers in the field of public health of India. Due to limited number of post-graduates (MD Community Medicine) emerging out of medical colleges, the two-year Master of Public Health, a course available to graduates of medical (including Ayurvedic, Unani and Homeopathy graduates), dental, nursing and physiotherapy will fill the gap between the societal demand and academic supply.

- (b) Public health is interconnected and influenced by social and political milieu. Public health institutions globally have wide eligibility criteria for undertaking Master in Public Health (MPH) programs. We visualize important role for candidates from multiple academic backgrounds for the programme.

COLLEGE OF PARAMEDICAL SCIENCES, AIMS, BATHINDA

INTRODUCTION

1. Established in the year 2006 with an aim of providing job opportunities to the students of this backward belt of Punjab by training them in the field of various paramedical sciences, the College of Paramedical Sciences has leaped great strides, and now imparts training in postgraduate fields of paramedical programme in Medical Laboratory Technology, Radiology & Imaging Technology, Operation Theatre Technology.
2. The institute is providing training in paramedical subjects by way of regular class room and bedside teaching, with hands-on training in the state of the art diagnostic laboratories and operation theaters. College of Paramedical Sciences imparts training in diploma programmes, degree programmes beside running one-year certificate programmes in specialized fields of Paramedical Sciences like dialysis and anesthesia technology.
3. Our mission is to provide hands-on training to the students who wish to excel in the field of the allied-diagnostic and investigative branch. Paramedical experts play a very important role in helping the doctor make an accurate diagnosis for treatment, cure and overall care of patients. More often than not, the role of Paramedics is both diagnostic and therapeutic; Paramedics include X-ray technologists, medical laboratory technicians, dietitians, food services workers, dental mechanics, emergency medical technicians, safety engineers, pharmacists, sanitary engineers, microbiologists, optometrists, Physiotherapists, occupational therapists, speech therapists, radiographers and prosthetic & orthotic engineers.
4. Job Opportunities: Medical technologists have unlimited choices of practice setting. Hospitals, independent laboratories, Clinics, Public Health facilities and industry, all currently have positions open for qualified technologists. Additional opportunities are available in Molecular Diagnostics, Molecular Biotechnology, Companies and In-Vitro Fertilization Laboratories as well as in Research Labs.
